## Coal India breaches 600 MTs in production and off-take for 2018-19

Coal India Limited (CIL), for the first time, had breached the 600 Million Tonne (MT) mark in coal production and off-take ending FY 2019, clocking growths of 7% and 4.8% respectively.

### ***Production:***

The *Maharatna* coal mining giant had produced 607 MTs of coal during 2018-19 almost reaching its MoU target of 610 MTs. The 7% growth in coal production during the referred period is almost three-fold increase compared to last fiscal's output growth of 2.4%. The volume increase in coal production during the referred period has been a robust 39.5 MTs against previous year's production of 567.37 MTs.

CIL scaled a new peak in production in the month of March 2019 producing 79.19 MTs - the highest so far in a month since inception. In doing so, the PSU coal mining monolith clocked highest ever production of 3.14 MTs in a single day (*as on 25 March*).

The upbeat production tempo of the world's largest coal producer in the recent years was evident in the fact that it leaped from the 500 MTs production to 600 MTs in a mere **three years**, whereas it took the company **seven years** to migrate from 400 MTs production to that of 500 MTs.

For the FY 2019 ECL, CCL, NCL and WCL have surpassed their respective production targets. NCL went past its production target of 100 MTs five days ahead of the closure of the fiscal, in the process becoming the third subsidiary of CIL to join the coveted 100 MTs producing companies after SECL and MCL. In another new high SECL became the first subsidiary company of CIL to cruise over 150 MTs production mark. ECL and WCL have become 50 MT plus companies for the first time.

### ***Coal Off-take***

Coal supplies to the consuming sectors touched a new high at 608 MTs during 2018-19 coming close to its MoU target of 610 MTs. The increase in absolute figures is 28 MTs compared to last year's off-take of 580.29 MTs registering a growth of 4.8%. CIL recorded the highest ever despatch of 2.24 MTs in a single day on the last day of the fiscal 2019.
