Respected sir,

The Information Security Education & Awareness Project Phase II was launched by Ministry of Electronics and Information Technology (MeitY), Government of India. Main objectives of the project includes capacity building in the area of Information Security to address human resources requirement in the country, training of Government officials and creation of mass information security awareness. The project is being implemented through Fifty one (51) institutions for academic activities (4 ISRDCs, 7 RCs, 40 PIs including IISc, IIT's, NIT's), Sixteen (16) implementing agencies Cert-In, C-DAC, NIT, NIELIT, STQC etc for coordinating training of Government Officials and CDAC Hyderabad as coordination agency for Awareness program. Please visit www.isea.gov.in for more details.

The project envisages spreading awareness on Information Security through direct or indirect mode. The direct aspect is largely taken up by organizing half day workshop for school children, students, teachers, faculty, Government employees including Central/State Government officials, non IT, SME's etc, while indirect aspect includes design & development of multilingual awareness content to be used while organizing Information Security awareness weeks, awareness campaigns through print (newspapers, magazines etc.) & electronic mode (social networking websites, other websites etc.), promotion material (brochures, quarterly newsletters, diaries, calendars, poster, stickers etc.) and updation of latest cyber security threats/News through multilingual website. ISEA project is supported by MeitY, HRD Division and separate portal www.isea.gov.in / www.infosecawareness.in is created for the citizen's of India where in abundant Multimedia information on information/cyber security is available for free use.

We have been supporting the Government entities in conducting cyber security awareness programs, specialized training as per their requirement, Perform Network & security Audit as we are em-paneled by CERT-In India. Since we are living in the cyber world where every thing is dependent on Internet, cyber safety and security is the highest priority for all the Organizations and their employees.

In this regard we request you to

- ◇ Display a link of www.isea.gov.in on your website as a Banner which has abundant Multimedia and Multi Lingual information on information/cyber security.
- ◇ Permit to conduct Awareness workshops (duration 2 hours) for your staff with real time case studies.
- ◇ Printing of cyber security awareness material (created by CDAC) like Information security booklet, children book, women book, Information security posters, calender's with your LOGO, through your CSR funds for distribution among your employees and general public in your region.

Looking forward for a long association and together let us create a secured cyber aware Nation.

Thanking you,
With best regards,

E. Magesh
