Ref. No. CIL/S&M/ 4660MW | 151

दिनांक: April 18, 2016.

:NOTICE:

Sub: Coal supplied on MOU route for Power Projects in the category of 4660MW listed in the Presidential Directives, 9940MW (identified as similarly placed power plants) and 9840MW erstwhile tapering linkage projects beyond 31/03/2016.

Ministry of Coal vide letter no. 23011/19/2015-CPD dated 13th April 2016 has decided that the above plants hitherto getting coal through MOU route may now take coal being made available through the process of Special Forward e-Auction of coal exclusively for Power Sector on a sustained basis.

Coal India would be conducting this Special Forward e-Auction scheme for Power Sector in regular periodicity with adequate quantity of coal available under the scheme in 2016-17. The first phase of the Special Forward e-Auction has already been notified and would be conducted on 28th/29th April 2016.

However, in order to ensure that there is no disruption in coal availability to these plants, as directed by MOC, the MOU would be extended upto 30th June 2016 by Coal India. All the Power Utilities coming under these categories are requested to kindly contact with the Coal Companies and also regularly consult CIL website for further notification on this issue.

The system of supply of coal through MOU, however, will be discontinued from 1st July 2016 as per the order of Ministry of Coal.
