To,  
The Chief Vigilance Officer  
All Subsidiary

### Sub: Online Vigilance Clearance Module

Sir ,

In the review meeting held at CIL New office on 28<sup>th</sup> May,2015 with the subsidiary executives on progress of Vigilance Clearance System, it was noted that data relating to ODI List and Agreed List in some of the subsidiaries have not been entered as the lists were not made available to the executives entering data in the system. For preparation of Vigilance status in CVC format, the ODI and agreed list data is required to be entered for 10 years. In case there is difficulty in sharing list with Vigilance executive entering the data, the same may be entered by CVO or by GM(V). For creation of user of CVO/GM, password will be given by Shri A Saha in CVO, CIL office. It may be noted that Personnel Department will not have access to this information because in the Vig status generated for/by them for promotion, these information is not shared. The other Vigilance officers who will be given read privilege will not have access to information on ODI and agreed list.

It has also been decided to start generating Online Vigilance Status from 1<sup>st</sup> August,2015 and stop the manual process. In the interim the executives handling Vigilance Status in the subsidiary may be directed to compare with data in the database with the manual Vigilance Status issued to ensure that all Vigilance Cases are entered into the vigilance clearance database.

Yours faithfully,

  
( Manoj Kumar )  
Chief Vigilance Officer, CIL
